NORMA ALTHOUSE
CITY SECRETARY

June 8, 1998

Katherine Calderazzi
Shook, Hardy & Bacon
801 Pennsylvania Ave., N.W., Suite 600
Washington, D.C. 20004-2615

Dear Ms. Calderazzi,

Although the City of Schertz is within the SMSA of San Antonio, it is very definitely separate and distinct from San Antonio. The City of Schertz has its own municipal complex, conducts its own elections, has its own utility system, its own school system, collects its own taxes, has numerous churches, restaurants, medical facilities, businesses, ever-increasing industrial sections, residences, recreational facilities, and many other amenities, including an excellent EMS system, available to its growing population. As a matter of fact, the EMS system contracts with other smaller entities in the area to provide EMS services for them.

The City of Schertz is strategically located between two major interstates – IH-35 and I-10. The City is located in three counties – Guadalupe, Comal and Bexar and is considered one of many smaller cities in the Greater Randolph or Metrocom area. The City was incorporated on 1958.

Sincerely,

Norma Althouse

Norma Althouse

HISTORY

Although Schertz was incorporated as a City by the State of Texas in 1958, the first permanent European settlement in the area was in 1715 when the San Antonio de Bexar had its birth. In 1772, Fort de Santa Crus del Cibolo was established as an outpost to support a line of defense for the area provinces. As near as can be determined, this fort was located a short distance to the east, approximately 1 to 1 1/2 miles, from the present Schertz on the banks of the Cibolo Creek.

Records indicate that in April, 1776, Comanche war parties scalped two settlers in the vicinity of the fort and killed several soldiers. In mid-May of the same year, some '500' Lupan Apaches swept down the Cibolo Valley massacring settlers and cattle. By 1785, the Indian raids became so intense, Fort Cibolo was closed and all were moved back to the Alamo.

The first permanent European settlers arrived in the Cibolo Creek area (Schertz Settlement) in 1842-43 when German immigrants were on their way to join the colony of Prince Solm at New Braunfels. Schertz was the one name among those early German settlers and the Schertz area was referred to by several different names before becoming the City of Schertz.

Sebastian Schertz owned and operated a general store when the railroad was built here in 1876. The railroad listed the stop as "Schertz Stop." In 1899, Schertz had its first official Post Office. The first settlers were mainly farmers. It is interesting to note that at one time cotton was a very productive crop and the first cotton gin was built by the Schertz family. One of the oldest buildings in town, which is now a plumbing and hardware store, was built by Mr. Willie Schertz. A large, active shooting club was located at the site that is now the City Park.

Members of the Schertz family still reside in the City.

GENERAL INFORMATION

Location: The City of Schertz is located between the Cities of Austin and San Antonio, on Interstate 35 and FM 78 and on Interstate 10 between San Antonio and Houston. The corporate limits extend into the Counties of Bexar, Guadalupe and Comal. The largest portion of the City is within Guadalupe County.

Population: Schertz is near the center of a Standard Metropolitan Statistical Area (SMSA) that had an estimated population of 1.3 million in 1987. The City's population is at estimated at 15,000 with outstanding growth potential.

Government: The City government is a Council-Manager form of government. The City Council serve as the policy-making body, with a City Manager appointed to serve as the Chief Administrative Officer.

Banking: Two commercial banks, a savings and loan association, and a credit union are located locally to serve the citizens and local businesses.

Churches: Churches of all denominations are located in Schertz and the surrounding area.

Medical Services: There are over 8,000 hospital beds located within our area, in some of the best hospitals in the country. In addition, there are two medical clinics located in Schertz. Dental and veterinary services are readily available.

Library: The Schertz Public Library offers more than 40,000 volumes of books for your reading pleasure, as well as video cassettes. The library boasts historical and geneology sections. The library also participates in a federally-funded Inter-Library Loan System.

The State of Texas and the federal government have many agency regional offices in nearby San Antonio.

CULTURE AND RECREATION

The City of Schertz is proud of its parks, its public swimming pool, and the city sponsored 4th of July Jubilee.

Over forty acres have been developed for parks and sports fields, which are used regularly with sponsored programs by the Buffalo Valley Youth Association, a non-profit organization, for all sports throughout the year.

Public parks also provide picnic facilities and playgrounds. Lighted basketball courts and a Junior olympic-sized swimming pool are open to the public throughout the summer months.

The Fourth of July Jubilee is an annual affair sponsored by the Schertz Business Association and the City of Schertz. This event is one of the highlights of the summer for the city and surrounding area.

One of America's most unique cities-San Antonio-is just minutes away. The Alamo, The River Walk, Tower of Americas, Fiesta Texas, and Seaworld are just a few of the one-of-a-kind places to visit.

There are several large lakes and rivers within the surrounding area that would satisfy most fishermen, divers, picnickers and boaters.

Due to local military influence, there are several active veteran's organizations: VFW, DAV, American Legion and their auxiliaries.

Fraternal organizations such as Masons, Knights of Columbus, Lions, and Elks are also located in the area.

Sororities include Beta Sigma Phi and the Order of the Eastern Star.

Business and social organizations include Lions, Kiwanis, Jaycees, the Schertz Business Association, and the Schertz Development Foundation.

There are several Girl Scout and Boy Scout patrols. A mixture of backgrounds and cultures with retired military families makes for traditional values, yet with an open mind to new and progressive ideas.

EDUCATION

The elementary, middle, junior high and high schools located in Schertz provide a fine basic education from kindergarten through the twelfth grade through the Schertz, Cibolo, Universal City I.S.D.

The school year begins in September and ends in late May. All schools have cafeteria services.

The school system, under the guidance of a dynamic school board, places a strong emphasis on academic achievement. Athletic and extracurricular activities are encouraged, to adapt our young people more readily to the mainstream of life.

Many institutions of higher learning are within driving distance of the city (30 miles or less): Our Lady of the Lake University; San Antonio College; St. Mary's University; St. Phillip's College; Trinity University; University of Texas in San Antonio; Southwest Texas State University; and Texas Lutheran College. There are several Art and Musical Institutes and Special Education Schools.

Evening classes for both undergraduate and graduate level courses are available at Randolph AFB, which is adjacent to the City of Schertz. In addition, the Alamo Community College District has begun day and evening classes in nearby Live Oak for continuing education and two year curriculum in a variety of disciplines.

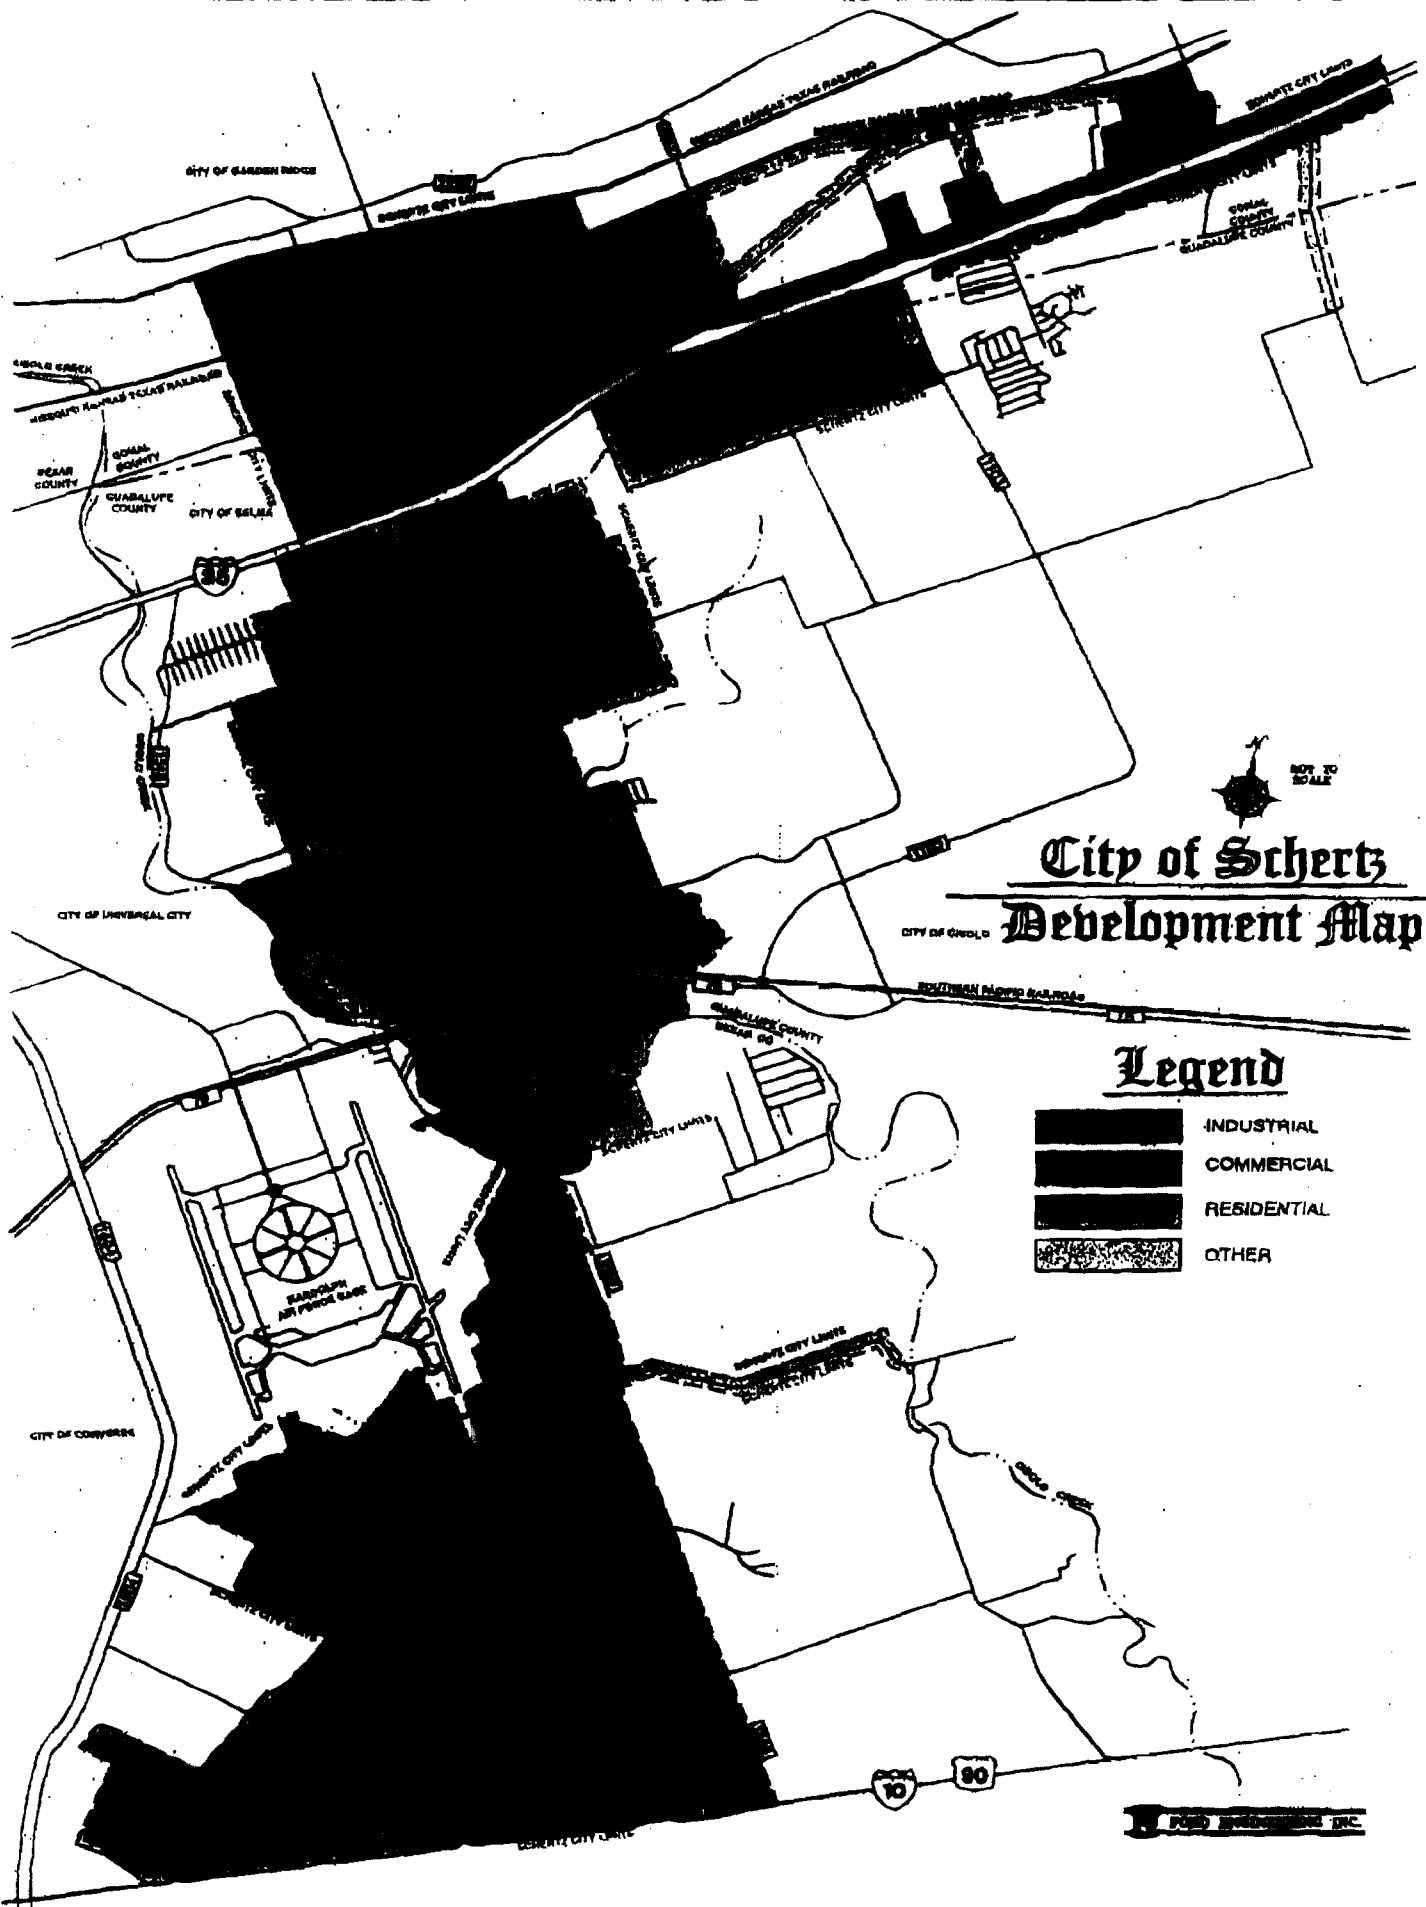

Low tuition rates for Texas residents at state-supported schools make continuing one's education both inexpensive and rewarding.

UTILITIES, TAXES AND HOUSING

Utilities: Water and sewer facilities are publicly owned and have capacity for growth. Electricity is furnished by Guadalupe Valley Electric Cooperative, City Public Service, and New Braunfels Utility. Natural gas is supplied by Entex, Inc. Telephone service is provided by Southwestern Bell Telephone Company, and television cable service is available from Paragon Cablesystems.

Taxes: The State of Texas and Schertz impose no state or city income taxes. There is a 6.25% state limited sales tax, a 1.5% city sales tax, and a 1/2% county tax. Ad Valorem taxes are levied by the state, county, city and school district. The City of Schertz has a 100% market value with a 1997 tax rate of .3554 cents per \$100.00 valuation.

Housing: There is a variety of housing available in Schertz. Homes are being built in several newly developed subdivisions. Costs vary according to location, size, and features offered. Existing homes offered for sale or rent are available at variable costs according to offerings. Several new apartment complexes within the city are available. The majority of citizens are homeowners who take tremendous pride in maintaining their residences, making for a more livable and pleasant community— and a good place to raise a family.

PREFACE

The Talk of the Town is published annually as a community service in cooperation with the City of Schertz Economic Development Commission.

The City of Schertz Economic Development Commission was formed in January 1989, by a group of concerned citizens and City officials. The purpose of the Commission is to promote economic development in the City by increasing and stabilizing the economic base of the City revenues, and providing the flexibility needed to manage growth in concert with the longer-term goals of the city.

We welcome you to the community and hope your time spent in Schertz will be pleasant and prosperous; Schertz, a City full of promise.

Our apologies to those we might have missed in this issue. Changes, additions, and deletions to this directory should be provided to Margaret Boyd, Editor, 1400 Schertz Parkway, Schertz, Texas - (210) 658-4636.
